BABAT 2021 APRIL SOCIAL

CEU INFORMATION

BACB CEUs

Continuing education is available for Board Certified Behavior Analysts. BABAT is an Authorized Continuing Education (ACE) provider though the BACB.

How to Earns CEUs

Before the Live Event:

1. Watch for an email from BABAT with the link to the 2021 BABAT April Social event page and complete login requirements.
2. **Please use the email with which you registered** for the Social to access the April Social event page and set up a password.
3. Visit https://ceuhelper.com/info (a web/mobile application for obtaining and tracking CEUs) to sign up for an account and download the app. You are required to download and use CEU Helper if you are obtaining CEUs. A tutorial is available for new users and previous users should update to the most recent version.
4. Please "Join Conference" in CEUHelper BEFORE the Social starts.

During the Live Event:

1. Tune into each presentation at the assigned time.
2. The session sign-in and out codes will be provided at the beginning and end of each April Social session, in a slide in the presentation, the session chat, and in the description for each session.
3. Input the assigned unique 4-digit event codes to sign-in and sign-out of each presentation using CEU Helper on your device (i.e., phone, tablet). Attendees will need to click "View other options" under "Force Check in" in order to enter the values.
4. Watch each presentation in its entirety and successfully respond to ALL (four) alertness checks that will appear randomly throughout each presentation via the poll functionality.

After the Live Event:

1. Make sure you choose to "Leave the Conference" on CEU Helper after you are done viewing all of the online live presentations. This will make sure all your CEU's are synced. You will receive a CEU certificate via email (remember to check junk email folders).

IMPORTANT INFORMATION:

1. You are required to use CEU Helper to sign-in and sign-out of each presentation. More specifically, you will be required to enter a unique 4-digit event code to sign-in and a unique 4-digit event code to sign-out of each presentation. **The session sign-in and out codes will be provided at the beginning and end of each April Social session, in a slide in the presentation, the session chat, and in the description for each session.**

2. You only have a few minutes at the beginning and at the end of each presentation to sign-in and sign-out, respectively, using CEU Helper. If you try to sign-in too late and/or sign-out too early, CEU Helper will not accept the event code and you will not successfully sign-in and/or sign-out.
3. You are required to watch each presentation in its entirety. For EACH presentation: If you do not successfully sign-in and sign-out using CEU Helper, miss more than 5 minutes, and/or do not respond successfully to ALL alertness checks, you will not receive the CEU for that presentation.
4. For each presentation, data is being collected on when you sign-in and sign-out using CEU Helper as well as when you tune in, the number of alertness checks you successfully responded to, and when you tune out, including how long you streamed each presentation. This data will be used by BABAT conference staff to confirm CEU eligibility.
5. Poor Internet connectivity and/or dropped coverage is not an acceptable excuse for online attendees failing to successfully sign in, sign out, watch the entire presentation, and/or respond to all alertness checks.

KEY CONTACTS:

1. Should you have difficulty logging into Socio, please contact Margot Rodger with BABAT's Events Team at mrodger@virtualinc.com, or call or text at 978-404-2112.
2. Technical support for CEU Helper is available and can be reached at support@ceuhelper.com.
3. For questions regarding the CEU process, please contact kathy@babat.org.
